GOOD TO KNOW

The Annual FRPA Conference is a gathering of recreation and park professionals for a time of learning, connecting and creating memories. Conference serves as a concentrated time to get away from the office or field and immerse yourself in all things relating to parks and recreation. This year the theme is “Vision POSSIBLE”. Park and Recreation professionals build community every day. Conference sessions help support the idea that your vision is possible. Each session is a building block for you and your agency in the pursuit of creating and cultivating community.

The Conference Committee reserves the right to re-schedule, cancel and add courses to the Conference Program. Every effort is made to minimize changes. In the event of a change, those who have pre-registered for sessions affected will be notified. You are strongly encouraged to pre-register in order to assure you are contacted with program changes. Once on-site you will receive an up-to-date conference program, which you should utilize to confirm your selected activities.

WHO SHOULD ATTEND

Delegate registration is for personnel employed by public or private agencies providing recreation, park, or leisure services; persons employed as educators at universities and colleges; fully retired park and recreation professionals; citizens serving on Recreation, Parks or Leisure Services Advisory Boards; or citizens interested in or involved in the promotion of the parks, recreation and leisure services profession. Individuals employed by a company offering support services, equipment, consulting, etc. to park and recreation departments are considered commercial vendors. Commercial vendors must have an exhibit booth or be a major conference sponsor to attend any conference event, education session or social activity. For more information about sponsorships, contact us at 850-878-3221.

TUESDAY GENERAL SESSION

Bringing Life to A Community in an Equitable Way

Tuesday, September 1 | 4:00 PM | 0.15 CEUs

The COVID-19 pandemic combined with societal events have exposed the need for physical and mental healing in our country. As our spaces were restricted and programs were canceled, opportunities to serve the community came in many forms including feeding, testing sites, and social services. Now the opportunity exists for our industry to educate other entities to demonstrate what happens when the community convenes in places where all things are equitable. What role will parks and

recreation professionals play in re-creating a sense of community across our state and our country? Our speaker will allow us to explore the explicit and implicit reasons for inequities that require vision and intentional actions to change.

The Power of a Winning Mindset - Change your Mindset, Change Your Results

Thursday, September 3 | 10:30 AM | 0.1 CEUs

What do all remarkable people and organizations have in common? They've discovered the power of a winning mindset. Mindset is defined as a mental attitude that predetermines a person's response and interpretation of a situation. The foundation for constructing winning results is a winning mindset!

The beliefs we have about our talent, potential, and opportunities have a tremendous influence on how we perform. As a result, we rarely achieve more or become more than we believe we can. Why? Mindset directs behavior, which dictates motivation, which determines outcomes. A winning mindset produces results. A mediocre mindset produces excuses, and you see yourself as a victim. Mindset determines how you will perform when it matters most. The most important capability you have is the capacity to choose your mindset. A winning mindset is something that can be learned, changed, and leveraged. It creates a self-belief that unlocks your potential, passion, and purpose.

2020 HIGHLIGHTS

COMMUNITY BUILDING

Many of the sessions you will find throughout the Conference surround the Community Building Pillar.

YOUNG PROFESSIONALS

This year, FRPA began a Young Professionals Workgroup in an attempt to connect with this age group how they would like to be connected with. Join us on [Monday morning at 8:00 am](#) for a speed round where we will talk about the direction of this emerging group.

SOCIALS

The FRPA Annual Conference will not be hosting any formal socials this year due to COVID-19. It's unfortunate that things are this way but we also know you will understand our need to reduce the possibility of transmission of the virus. Please be aware as you may be making your own plans to gather with your colleagues, that you adhere to physical distancing standards and other safety measures. Large gatherings will not be allowed in the hotel lobby or in any other meeting room. Conference delegates are expected to follow all directions and guidelines from the hotel.

SERVICE PROJECT

This year we will be collecting used eyeglasses for the Service Project. These eyeglasses will be donated to the Lions Club International, where they will recycle them and get them to those in need. Sunglasses are also accepted! You can begin a collection drive at your local facilities and parks and then bring them to conference where we will total the amount collected to report. We encourage you to share your efforts with us so that we can let everyone know about the great work you're doing.

CLOSING GENERAL SESSION: The Power of a Winning Mindset - Change your Mindset, Change Your Results

Roger Crawford

What do all remarkable people and organizations have in common? They've discovered the power of a winning mindset. Mindset is defined as a mental attitude that predetermines a person's response and interpretation of a situation. The foundation for constructing winning results is a winning mindset! The beliefs we have about our talent, potential, and opportunities have a tremendous influence on how we perform. As a result, we rarely achieve more or become more than we believe we can. Why? Mindset directs behavior, which dictates motivation, which determines outcomes. A winning mindset

produces results. A mediocre mindset produces excuses, and you see yourself as a victim. Mindset determines how you will perform when it matters most. The most important capability you have is the capacity to choose your mindset. A winning mindset is something that can be learned, changed, and leveraged. It creates a self-belief that unlocks your potential, passion, and purpose.

The Florida Recreation and Park Association recognizes the diversity that exists within our profession, our membership, and those attending FRPA events. As a participant, we want you to enjoy your time at this event. We ask that you join us in encouraging and maintaining the highest professional standards possible at all functions within this event. Attendees, presenters, vendors, and staff at FRPA events are expected to conduct themselves at all times in a courteous, professional, and respectful manner. Attendees are required to abstain from behavior that reflects poorly on their agency, the Florida Recreation and Park Association, and the membership. Such conduct includes, but is not limited to, actions disrupting the businesslike atmosphere, harassment, discrimination, inappropriate language, failing to comply with all local, state, and federal laws, and activities that endanger self and others. While we do not anticipate these challenges, we do want to be transparent regarding our commitment to assuring a safe and enjoyable environment for all event participants and let you know that misconduct will be addressed with you individually and/or with your employer. Attendees, presenters, vendors, and staff who do not comply with this code of conduct at any event may be removed from said event and barred from attending all future FRPA sponsored or co-sponsored events.

I have read and agree to the policies regarding the 2020 FRPA Annual Conference and Institutes.
