

Summer Staff TRAINING

We are making the Virtual Summer Camp training series introduced in 2021 available again this summer for your staff. This training series allows access to pre-recorded training sessions to use when convenient for you to onboard your summer camp teams. We suggest using these as part of your in-person training to prepare camp staff and then facilitating discussion afterwards but these can also be provided to your hired staff as an additional tool for training on their own.

Virtual downloads will be available by May 1st

Topics Include

Camp Basics

This series of sessions will provide you with camp basics, and kick start both newbies and veterans to get your camp thinking caps on.

How to Lead a Game (and more)

In this webinar, we will discuss age appropriate activities, how to effectively get attention and teach an activity, as well as transitioning from one activity to another.

Welcoming Families with Special Needs

How we welcome the families and prepare for campers is key to success and safety.

Adapting games and activities for varying abilities works to everyone's benefit.

Behavior in Camp

Chances are you'll encounter some behavior this summer that leaves you frustrated, confused, or worn out. These tips and best practices will help you be proactive, handle difficult camper behavior, and keep everyone on track for a great experience!

Protective Factors | Adverse Childhood Experiences:

This session will review what Adverse Childhood Experiences are and how they play out in behavior at times. Viewers will learn strategies for working with children with trauma histories and how to use a trauma informed approach to achieve better outcomes.

2022 FRPA Summer Camp Training

All virtual modules will be hosted on the FRPA website for your staff to access as needed.
